Our Societies are non-profit organizations. Our objectives are to perpetuate the memory and the spirit of the men and women who achieved American independence; to promote the development of an enlightened public opinion; and to foster patriotic citizenship and the preservation of our history. We share a strong belief in Patriotism importance of Democracy and respect for our American Heritage and try to educate others about the sacrifices of mutual forebears. We want to assure that our Nation will continue the practice of the attributes into the future. The revitalization of this historic cemetery was a challenge. With great enthusiasm we were able to restore the cemetery so that people could see and understand the history of the cemetery.

This project has been a great privilege and enormous achievement by all those who worked in the cemetery. It was very inspiring to find old lost information and gravestones. Let's not forget the lost inscription that had sunk into the ground over the centuries. With all the work we all put into this cemetery it was also fun and exciting and most of all rewarding.

HISTORY OF CHRIST EPISCOPAL CHURCH AND CEMETERY

The Stratford Episcopal Church is the first Episcopal Church in Connecticut. The first vestry meeting was in 1707. The church building was completed and opened for services on Christmas day in 1724 by Rev. Dr. Samuel Johnson.

The growth of the congregation was so rapid that a second church was built in 1743 at a new location and its present location. Dr. Samuel Johnson presented the church with its first bell as a donation. This bell was cast in 1739 in Fairfield, CT and still hangs in the steeple today. Today's spire has the same old Weather Cock that was on the church in 1743, which was created by Col. John Benjamin a Goldsmith in 1743.

Christ Episcopal Church Cemetery is also the first in the State of Connecticut built in 1723. The cemetery is located on the corner of Broad Street and Monument Lane in Stratford, CT. The oldest grave is John Johnson, dated February 8, 1725. The cemetery size is 36 rods which in circumference is 594 feet.

The oak tree in the cemetery is a seedling of the Connecticut Charter Oak. It was planted in commemoration of the signing of the United States Constitution by William Samuel Johnson. This planting was done by the Captain David Hawley Society of the Children of the American Revolution (C.A.R.) in 1938.

William Samuel Johnson the only other signer of the United States Constitution in Connecticut and the first President of Columbia University along with another 19 Revolutionary Patriots which gives us a total of 20 Revolutionary Patriots that are buried here. There is one Privateer, there are 9 Patriots from the War of 1812, and Mary Wells Roosevelt an aunt of President Theodore Roosevelt that are also interred here. The last burial was in 1913.

The cemetery originally had a stone wall around it, then a wood fence and now a wrought iron fence in which the gates and pillars were donated by Columbia University in 1931.

BIOGRAPHY OF WILLIAM SAMUEL JOHNSON

William Samuel Johnson was born in the home of Rev. Samuel and Charity Johnson on October 7, 1727 in Stratford, Connecticut. Rev. Samuel Johnson founded and served as the First President of Anglican King's College (later Columbia College and University). His father believed in the adage, "Train the child in the way he should go, and when he is old he will not depart from it." By the age of four, the little boy had completed his primer and a year later he read a Psalter and a Catechism. Before he was ten, William Samuel Johnson was well grounded as an Anglican, a student of the classics and other literature.

It was at Yale College that William Samuel Johnson was greatly influenced by the Puritans. The Great Awakening with roving evangelists, including George Whitefield, came to New Haven, Connecticut exhorting sinners to repentance, conversion and zealous religious life.

Most historians note that Rev. Samuel Johnson was deeply disappointed that his son did not follow him into the ministry. However, he did serve as a lay preacher, studied the Bible and theology, and with purpose settled on the profession of law.

It was observed by all who learned to know him that he was a devout Christian and member of the Anglican Church his entire life. His wife, Anne Beach, was of similar spiritual bent, the daughter of an Anglican clergyman.

After making the decision to enter law, William Samuel Johnson became successful in Connecticut and New York where he served as a State Representative between 1761 and 1765. Later, he served as a delegate to the Stamp Act Congress in 1765 and moderately opposed the Townshend Duties of 1767 believing, that most British policies were unwise. He received honorary master and doctoral degrees in 1765 and 1766 from Oxford University. He also had a strong association with the Anglican Church and acted as Connecticut's agent in Britain during the years 1767-71.

Johnson decided to work on bringing peace between Britain and the colonies. On that basis, he refused to participate in the First Continental Congress, to which he was elected in 1774, following service as judge of the Connecticut colonial supreme court (1772-74). In April 1775, Connecticut sent him and another emissary to speak to British Gen. Thomas Gage about ending the bloodshed but negotiations failed. Johnson fell out of favor with the radical patriot elements who gained the ascendancy in the Connecticut government and they no longer called upon him. He was arrested in 1779 on charges of communicating with the enemy, but later cleared his name and was released.

He was a delegate to the Constitutional Convention in Philadelphia in 1787 and with Oliver Ellsworth and Roger Sherman they acted as peacemakers in the conflict between the large state party and the small state parties. They provided leadership that led to the concept of equal representation in one house and proportional representation in the other.

In 1784, King's College was reorganized under the "Regents of the University of the State of New York" and rechristened Columbia College. On May 21, 1787, the trustees, upon recommendation by Walter Livingston, elected William Samuel Johnson to the presidency of the college. He was formally appointed on November 12, 1787.

As president of Columbia College, he made the following remarks in this address to the first graduating class:

"You this day, gentlemen, assume new characters, enter into new relations, and consequently incur new duties. You have, by the favor of Providence and the attention of friends, received a public education, the purpose whereof hath been to qualify you the better to serve your Creator and your country..."

He went on to say: "Your first duties, you are sensible, are those you owe to Heaven, to your Creator and Redeemer. Let these be ever present to your minds and exemplified in your lives and conduct..."

Several of his friends, including Roger Sherman and Oliver Ellsworth, had died in the 1790s, and William Samuel Johnson fell so ill that he feared he might join the companions who had preceded him. He did recover but in November 1819, Johnson fell ill again and died November 14, 1819 and is buried at Christ Episcopal Church Cemetery in Stratford, Connecticut. The theme of Johnson's long career is one of conciliation: his religious faith, intellectual insights and an understanding of people provided him with the qualities of leadership for our new nation.

We need to be reminded of the religious principles of those Founders who forged the Constitution for our country.

THE REVITALIZATION OF

THE CHRIST EPISCOPAL CHURCH CEMETERY TIMELINE

As State President of the Sons of the American Revolution (SAR), Ethan Stewart conducted a State Grave Marking Ceremony in 2016, which is a service conducted by the Sons of the American Revolution honoring a Patriot from the American Revolution with an unveiling of a new grave marker in Milford, CT for the 46 Revolutionary War Patriots that died from small pox as prisoners from the Battle of Long Island. Mr. Stewart plans to unveil a new grave marker this year.

Mr. Stewart and Damien Cregeau (who was 1st Vice President of the SAR) corresponded about the historical figures buried in the Stratford cemetery. William Samuel Johnson who was a signer of the United States Constitution was brought to the forefront.

Mr. Stewart researched William Samuel Johnson who is buried in the cemetery. The General David Humphreys Branch (which Mr. Stewart is their secretary) has held a 4th of July ceremony since 1951 to date at Grove Street Cemetery in New Haven CT for Roger Sherman who is also one of Connecticut signers of the United States Constitution. Mr. Stewart decided to have a grave marking ceremony at Christ Church Cemetery to honor William Samuel Johnson and 19 other patriots that are also buried there.

March 2017

Mr. Stewart presented the idea at a General David Humphreys SAR meeting of having another grave marking ceremony, but wanted a joint ceremony with the State Daughters of the American Revolution (DAR), explaining the importance of the cemetery in Stratford. Both Societies thought it was a great idea. Mr. Stewart of the General David Humphreys Branch and Barbara Stewart, his wife and then Regent of the Freeloze Baldwin Stow Chapter of the DAR located in Milford, CT went to evaluate the cemetery. Mrs. Stewart stated that her Chapter would assist with the cemetery project. During their visit to the cemetery, it was observed that the cemetery was in need of some significant maintenance, the lawn was about 3 feet high, the grounds and gravestones needed to be cleaned, and many of the stones were broken and laying on the ground. Since the Sarah Riggs Humphreys-Mary Silliman Chapter of the DAR is located in Shelton, they were approached about assisting with the revitalization of the cemetery. Regent Pat King stated that their Chapter would like to assist with the project.

Mr. Stewart took on the task of making a spreadsheet to list people who were buried in the cemetery and started researching how many patriots are buried there.

April 3rd

Ethan and Barbara Stewart met with Mayor Harkins about the Grave Marking Ceremony and to invite him to attend the ceremony that we tentatively set for August 26th. Mayor Harkins stated he would attend and would write proclamations for the SAR and DAR for the ceremony.

Ethan and Barbara Stewart made a list of what needed to be addressed for the cleanup. An email was sent to all of our members and Pat King scheduling a meeting at the Freelove Baldwin Stow Chapter for anyone who is volunteering to attend. A list was created outlining our goals and needs for the project. For example, Mr. Stewart explained that we needed to purchase a cleaning solution, D2. The D2 solution is an environmental cleaner that is used on the White House and at Arlington Cemetery for cleaning gravestones. Thanks to several members, enough money was donated to purchase the product.

Greg Thompson of the General David Humphreys Branch also created a “gofundme” page to help raise money for the materials that needed to be purchased.

April 10th

Ethan and Barbara Stewart received a signed letter of authorization from the church approving them to work at the cemetery. Mr. and Mrs. Stewart also met with Ray Scholl, Superintendent of Milford Cemetery of Milford, CT to show him what we wanted as a joint SAR & DAR grave marker. Ray Scholl instructed a company to make the grave marker for the ceremony that was done in Milford. They also requested authorization from the church to place this joint grave marker in the cemetery.

A letter was sent to Columbia University asking them for a donation, since William Samuel Johnson was the first President of Columbia University and signer of the United States Constitution. Columbia University had the pillars and gate installed in the cemetery in 1938 at the 150th Anniversary of the signing of the Constitution.

May 4th

A meeting with Mark Bernier of Country Meadow Tree Service occurred. Mr. Bernier volunteered his services to trim the trees in the cemetery, including the Connecticut Charter Oak Tree which was planted in 1938. The oak tree was planted to commemorate the 150th anniversary of the signing of the US Constitution in which the Captain David Hawley Society, Children of the American Revolution planted (C.A.R.).

May 20th

The cleanup activities began with raking; weed whacking and general cleaning from the winter. Thirteen volunteers were present. Chris Bandecchi, a member of the David Humphreys Branch, who works for the Mayor's Office in Stratford received permission from the town to pick up all the bags, bundles of sticks, and limbs that were collected as a result of the cleanup.

May 24th

Ethan & Barbara Stewart composed articles that were sent to the local newspapers of the revitalization of the cemetery. A flyer was also created which was given to the Mayor Harkins to put around the Town Hall. Flyers were also distributed to the library, senior centers, grocery stores, and the church to be placed in their bulletin. Members of the Societies also put flyers out in the area towns.

May 25th

We received notice from Columbia University that they were making a donation to the General David Humphreys Branch for the restoration of the church cemetery in the amount of \$10,000.00.

We continued working at the cemetery with members cleaning stones. DAR member Marie Compare came and cleaned several stones along with SAR member Jerry Wilson. Emails were sent as to when we would be at the cemetery. In May we worked at the cemetery usually twice a week.

June

Ethan & Barbara Stewart increased the hours of working in the cemetery to 3 times a week, spending 3-4 hours a day. Other members were also volunteering in the stone cleaning.

June 19th

Mark Bernier of Country Meadow Tree Service came with his crew of four men and trimmed the trees that needed trimming and picked up all the debris for a total of 3 hours as a donation to the project.

June 26th

Greg Thompson member of David Humphreys Branch, called Fred Burdick, Historian for the Town of Stonington to come visit the cemetery and to advise us on how to repair the stones and make new bases for the broken stones.

July

Ethan and Barbara Stewart increased hours again sometimes working 6 days a week 3-5 hours to ensure tasks would be completed prior to the grave marking ceremony.

July 8th

It was the first time that a stone was lifted and stood back up with the help of many of the volunteers. (We also surprised many bugs and a snake that must have been shocked to be uncovered).

We continued to send out pictures to update all of our members and Columbia University of the progress. The members were amazed to see before and after pictures of the gravestones. The volunteers took notice of the results and were excited with the progress. Dave Perkins, the State Trustee of the SAR was intrigued by the project and also volunteered.

August 11th

Bob Donahue and Bill Robbins, members of the General David Humphreys Branch were digging and found part of Christina's gravestone, the wife of Patriot Henry Beardslee. We were all ecstatic of the find. It was near a tree that a limb had fallen several years prior and broke some of the gravestones.

August 17th

Ray Scholl delivered the grave marker stone that was made for the ceremony.

We continued to clean and epoxy stones back together and straightened them.

Ethan and Barbara Stewart created a program along with the assistance of Dave Perkins to hand out to the attendees of the ceremony. Flag lapel pins were purchased and were attached to a business card which Barbara created and Bob Donahue packaged. The package had the American flag on it and picture of the grave marker which we handed out thanking those who attended the ceremony.

August 19th

Carl Selvaggi of Carl's Monuments in Stratford, CT volunteered his time and equipment to raise the top half of an obelisk that was on the ground for years. He raised the top half of the obelisk and epoxied the obelisk back on top of the monument.

August 20th

We went to the cemetery to take boards off of gravestones that were being repaired. Emails and articles were written by Barbara Stewart of Freelove Baldwin Stow Chapter for the newspapers to send out about the ceremony being held on August 26th.

Members worked during the week to finish erecting stones that were repaired.

Barbara made a collage of the 19 Patriots and pictures of before and after cleaning of the stones for those who could not walk the cemetery.

August 25th and 26th

Volunteers placed caution tape around stones that were lying down so that people who attended the ceremony would not get injured. Bob Donahue trimmed the grass around the entire fence. U.S. flag bunting was placed at the gate entrance and the corner of the cemetery.

The ceremony was held on August 26th. Tom Callinan, past Connecticut State Troubadour wrote and sang the song at the ceremony. About 150 people attended which was followed by a reception that was given by the church in the church hall.

September

Continued work in the cemetery. Mark's Masonry of Stratford was hired to repair five of the table monuments that were in need of repair. The masons repaired and refaced some of the tables where they were refaced before.

Continued to wash and repair stones. Mr. and Mrs. Stewart also researched some of the broken stones that were found and put back to their rightful spot.

October

Continued work on cleaning, repairing and searching for stones that we find laying down or buried. Any fallen or buried stones were dug up, cleaned and erected. On October 18th we found Christina Beardslee's (wife of Patriot Henry Beardslee) top half of her stone that was buried several rows back from where her grave was located. Carl's Monument Company volunteered their time and equipment to sandblast three of the footings so that the gravestones can be put back in their footing and erected them back into place.

November

Ethan and Barbara Stewart attended a joint dinner meeting with the SAR and DAR Chapters to recognize and thank those who have donated their time and services to this tremendous project.

Even though the grave marking ceremony has past, we continue to move forward with our commitment to the revitalization of this sacred historic landmark. At this time, the General David Humphreys Branch along with the Freeloze Baldwin Stow and Sarah Riggs-Mary Silliman Chapters has volunteered over 700 hours since May, with Ethan and Barbara Stewart putting in over 400 hours.

2018

February

Barbara Stewart started compiling pictures for a PowerPoint presentation.

March

Ethan and Barbara Stewart gave a Power Point Presentations to Christ Episcopal Church members, General David Humphreys Branch and to the Freeloze Baldwin Stow Chapter.

May

New flags were placed on the patriot graves for Memorial Day.

June

The base of Major Benjamin's stone was found, epoxied, and stood erected. Some older stones were also straightened. The lawn was cut. Mary Blakeman's stone was cut at the bottom so it could be placed in a new base and epoxied. Members of the SAR and DAR attended the open house day at the cemetery.

Mary Porter's stone was found lying against a tree. We found her base, repaired it and epoxied the top of her stone back to the base.

The Freelove Baldwin Stow Chapter received the National Historic Preservation Recognition Award from the National Daughters of the American Revolution Society for the work on the cemetery.

We gave a tour of the cemetery to the Gravestone Society of New England who came by bus to see the cemetery and the work that was completed.

August

We received permission from the church to cut down a tree in the cemetery. We continued to repair and upright stones. Some of the stones sank into the ground over time, when we lifted the stones the complete inscription was visible. We found Henry Beardslee's stone was in the wrong place in the cemetery. Carl's Monument moved the stone to the original spot it was supposed to be according to church records and the Hale Collection.

September

Joseph Hubbell's stone was up righted. Several footstones were placed in their rightful place after they were found buried in the cemetery. We met with Riggs, owner of By the Yard LLC of Bridgeport, CT at the cemetery to go over the new entrance walkway that he was going to install. Riggs also removed a tree free of charge. We installed SAR grave markers for each Patriot which also holds the American flag.

On September 15th Carl Selvaggi of Carl's Monument made a new stone for Daniel Jackson who was a Revolutionary War Patriot. The top of his stone was broken off and could not be located. Carl also made a stone with the SAR and DAR information with year to be placed in the center of the new entranceway when completed. These stones were donated by Carl.

The front gate was painted by SAR member Bruce Johnson.

October

The entrance walkway was completed.

November

The General David Humphreys Branch and Freelove Baldwin Stow Chapter had another ceremony for the completion of the revitalization of the cemetery.

2019

January - June

Ethan and Barbara Stewart compiled a spreadsheet with all the names of people buried in the cemetery. Research was done on each person. The spreadsheet contains their names, dates of where and when they were born /died, their parents and spouses, what type of stone they had, where they are located on the grid map and any other information (ex. when married, Revolutionary War Patriot, if they are on a grave stone with another person, cause of death, etc.).

Barbara took pictures of all the gravestones in the cemetery, and compiled them into a document listing them in alphabetical order with the inscription that was on their gravestone. The inscriptions were found in A History of the Old Town of Stratford and the City of Bridgeport, Part 1, 1886 by Rev. Samuel Orcott, which was given to us by Christ Episcopal Church.

October 7, 2019

The Town of Stratford named this day, William Samuel Johnson Day at a ceremony held at the Town Hall. The town wanted to acknowledge William Samuel Johnson for the important figure that he was to our town and country.

May 11, 2019

General David Humphreys Branch, Freelove Baldwin Stow Chapter and members of Christ Episcopal Church had a spring cleanup.

For the past 3 years the Town of Stratford has agreed to pick up all the bags of leaves, clippings from the lawn and bundles of branches from the cemetery cleanup.

SPREADSHEET INSTRUCTIONS

There are 2 spreadsheets. The first spreadsheet has the names listed in alphabetical order listing by last name that are buried in the cemetery. The spreadsheet and pictures are both in alphabetical order.

Spreadsheet 1

The names in **red** are Revolutionary War Patriots.

The names in **blue** are Privateers.

The names in **dark green** are War of 1812 Patriots.

Please note: In the Additional Information Column some Patriots may have 2 colors which means they fought in both the Revolutionary War and the War of 1812.

Spreadsheet 2

This spreadsheet is to be used with the grid map. It lists the grid letter and number where you can find a person. It is not in alphabetical order. The rows are listed by letter and then number to assist you in the locating a person in the cemetery. This will assist in locating gravestones that are hard to read.

Please note: You can use either spreadsheet to find the grave you are searching.

Grid map column: If there are 2 grid numbers and 2 types of stone (table/vault), they are buried in the vault which is the Johnson mound but also have a table.

Sacred to the Memory of Sara Avery, Daughter of John C. & Ruth Fairchild Born in this town Feb. 28th. 1773 Died in New York, May 6th 1837, Aged 64 years, 2 months & 6 days.

Respected and beloved by all; a most brilliant example of virtue and loveliness she departed

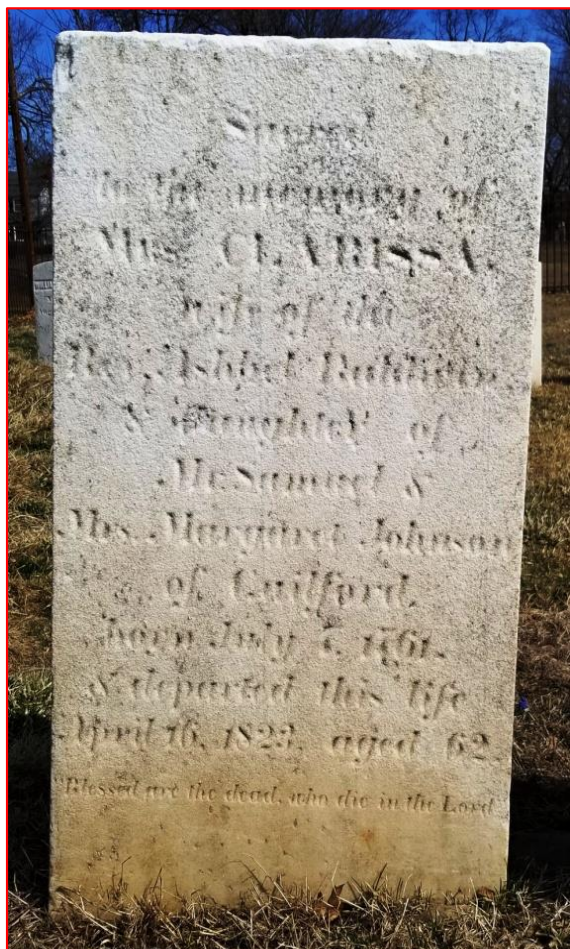

This life rejoicing in the hope of a glorious immortality, Thou hast taught us to live and for death to prepare, By example and precepts most true,

May we copy thy virtues, thy glory to share, Adieu dearest Sister, adieu. Thou lived'st but to merit life better than this

Where the righteous ever shall dwell;

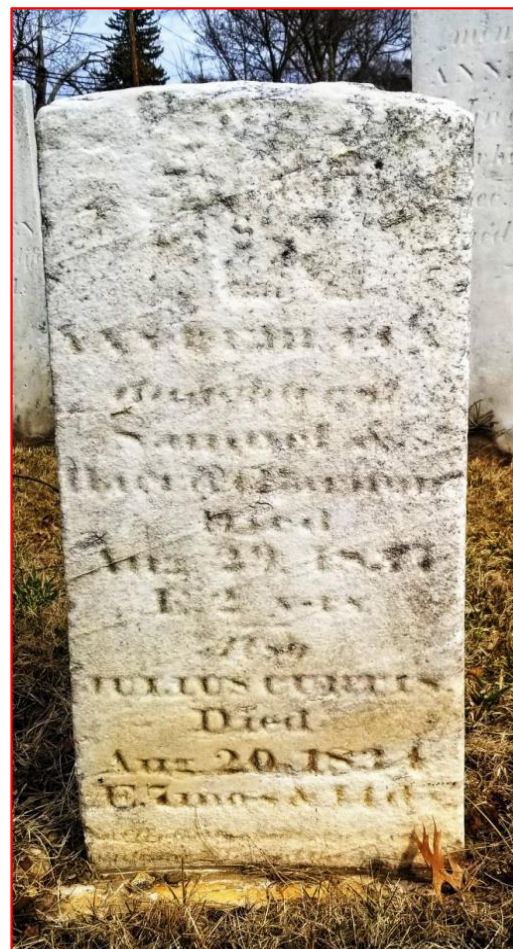

Thou art gone to those mansions of heavenly bliss, Farewell dearest mother, farewell.

Sara was the wife of John W. Avery

If learning, free from pedantry and pride;
If faith and virtue, walking side by side;
If well to mark his being's aim and end,
To shine through life a husband, father, friend,
If these ambition in thy soul can raise,
Excite thy reverence, or demand thy praise;
Reader-ere yet thou quit this earthly scene,
Revere his name, and be what he has been."

SATURDAY, AUGUST 26, 2017 @ 10:00 a.m.

The Sons of the American Revolution (SAR) of the David Humphreys Branch No. 1 along with Freelove Baldwin Stow and Sarah Riggs Humphreys-Mary Silliman Chapters of the Daughters of the American Revolution (DAR) are jointly working together on a community project to revitalize the historical Christ Episcopal Church Cemetery in Stratford that is located on Broad Street.

The cemetery dates back to 1723 and is the oldest Episcopal burial ground in the state. The oldest grave is 1725. William Samuel Johnson, 1st. President of Columbia University and also one of two signers (Roger Sherman) of our United States Constitution is buried here. Also, buried here are 18 Revolutionary War Patriots.

We are planning to conduct a State SAR and DAR Grave Marking Ceremony along with Mayor Harkins and several other local groups on August 26, 2017 @ 10:00 a.m. to honor the Revolutionary War Patriots.

Directions: From I-95: We are located off of Exit 32, West Broad Street exit. Proceed south-east to the end of West Broad Street where you will intersect Main Street and come to a traffic light. You will see St. James Church directly in front of you. You must take a left at this light and an immediate right onto Broad Street (which is along side of the church). Christ Episcopal Cemetery is directly in back of St. James Church.
